discounted pricing according to group size

What participants do

- Follow the dogs as they search and watch truffle hunting, subject to maturity and weather. The harvest is natural and is not guaranteed.
- Learn about black truffle, its growing environment, storage and use in cooking.
- Taste truffle. The tasting menu and optional Domaine Les Hermessaines wine tasting are confirmed before booking.

What we arrange together

- A date, group size and programme confirmed after you accept the quotation, with a single invoice for your group.
- An optional contribution from your staff committee, allocated under its own funding rules.
- For hotels and guesthouses: proposed sessions on the website, an availability enquiry and direct contact to arrange a visit for your guests.

Example of a French CSE contribution

Using the individual reference price of €99 including tax, a 50% contribution gives:

Individual reference price

€49.50

Staff committee contribution

€49.50

Employee's share

Funding illustration, not a discount or a right to support. Group pricing and the total including tax are set by quotation; your committee decides its contribution.

Buy truffles after the hunt

Participant price: €900/kg, subject to availability, up to 100 g per person. Separate from the workshop, with a €50 minimum order.

Example: 60 g = €54. Wine may also be purchased separately.

Visits in Suze-la-Rousse are by appointment only. The precise meeting point is shared individually after confirmation. Black truffle hunting is seasonal; visits are cancelled in rain. Confirm the workshop language, accessibility and coach access. Transport, accommodation and a full meal are not included. Wine for adults only, with an alcohol-free alternative.

Arrange your group outing

Send your group size, preferred dates and requirements. We prepare the quotation and confirm the appointment after your acceptance. An enquiry alone does not reserve places.
